MORRIS CENTRAL SCHOOL REMOTE LEARNING INFORMATION AND SCHEDULE

GRADES PK-3

At this time students in grades PK-3 will all be provided with instructional packets along with links to education sites and supplemental instructional activities.

When Chromebooks become available, students in grades PK-3 will follow the instructional schedule below. All printed materials should be returned when your child returns to school or during the next delivery period.

Teachers will set up a schedule for checking in with families during remote learning.

GRADES 4-6

All classroom teachers will have a Google Classroom and post all subject area assignments in that location. Special area and support teachers will have access to the classroom teachers' Google Classrooms and will post their recordings in that one location, as well.

All teachers will be using a consistent format for posting assignments.

There will be two blocks of time scheduled for live Google Meets (also recorded) to address social emotional needs. This will also be a time to go over the weekly schedule and provide reminders etc.

Teachers will schedule daily office hours. Monday and Thursday a minimum of one half hour will be designated. On Tuesday, Wednesday and Friday a minimum of two half hour blocks will be designated.

Recordings of daily lessons and activities will be posted daily by 8:30 a.m.

Teachers should not exceed 2 activities a day within a given block (for example, an ELA block could include a phonics activity and a writing activity each activity will be recorded separately).

Chromebooks will be provided to students in grades 4-6 at this time. Chromebooks for grades PK-3 will be provided once they are available.

Families without internet access will receive jump drives with recorded lessons/activities or MiFis if cell service is available.

Materials to support student learning will be delivered on Wednesdays to students. Student work should be returned at that time.

Remote learning will follow the instructional days of the school calendar.

Student attendance will be taken based on participation and submission of assignments.

Rtl services and Special Education services will be scheduled with individual families.

**Class Meetings (Live/Recorded Google Meet) - SEL / Weekly Check-In

ANNOUNCEMENTS / GUIDANCE FOR STUDENTS AND FAMILIES

Students and families, appropriate to grade level, need to check MCS email or personal email as regularly as possible. Students should “check in” to Google Classroom to communicate with teachers and fellow classmates regularly in order to engage in online learning – as per the established schedule.

Families should ensure that teachers have contact information (phone and email) that is up to date.

Students and families, appropriate to grade level, need to communicate with teachers regularly so that teachers can assist with scheduling/participation issues, academic issues, social and emotional issues.

Please let our Information Technology Service know if you could use support through a computer or Chromebook by emailing gthom@morriscsd.org. Your email will be answered as promptly as possible.

Students should check MCS email regularly and daily - We have been asked by teachers for students to respond to their emails and correspondence when it is sent. We are appreciative for teachers’ outreach, but students should be responding when that happens.

AHSEP PROGRAM

The district reopening plan, whether services are provided in-person, remote, and/or through a hybrid model, addresses the students participating in the AHSEP Program through ONC BOCES. The AHSEP Program is scheduled daily from 3:00 p.m. to 6:00 p.m. It is provided on an as needed basis. Students enrolling in the program will follow the same guidelines as set forth by the home district reopening plan. If the home school district is remote, instruction will take place through Zoom. If the district is in-person, instruction will take place in the distance learning classroom following protocols listed in this reopening document. The TASC program will not provide hybrid instruction. If the school is following a hybrid, the TASC students will be

remote until the district is fully in-person. Technology will be provided by the home school district.
