February 12, 2021

Dear Parents/Guardians:

In our continuing effort to safely increase the amount of time that we have students back in the building, our next step is to have our 10th graders return for in-person learning four days a week. This will commence February 22nd, the Monday after break. If this goes well, our next goal is to have the 11th graders and then 9th graders back in-person four days a week. As we move forward, we want to continue to ensure that we are able to maintain the social distancing and have the classroom spaces available.

As a District, we also plan on participating in the Fall 2 Season for athletics. Practices will begin on March 1st and will end April 25th. If this goes well, the Spring Season will begin April 19th. We are still working with the Health Department and the Tri-Valley League in developing our plans for those seasons.

I want to thank you for your continued patience as we move forward in increasing not only the in-person learning that we can provide as well as the extra-curricular activities that the students look forward to participating in.

Sincerely,

Matthew Sheldon
Superintendent
